DEED OF SETTLEMENT

A copy of the deed of settlement is enclosed.

Your attention is drawn to –

- (a) part 6; and
- (b) the agreed lease of the property in part 9 of the documents schedule to the deed].

All references in this letter to subparts or paragraphs are to subparts or paragraphs of part 6.

A term defined in the deed of settlement has the same meaning when used in these instructions.

The property is a separate valuation property for the purposes of part 5. Subpart C of part 6 applies to the valuation of separate valuation properties.

ASSESSMENT OF MARKET VALUE REQUIRED

You are required to undertake a valuation to assess the market value of the property [that is a school site in accordance with the methodology below] as at [date] (the **valuation date**), being the date the land holding agency received the notice of interest in the property from the governance entity or the date the governance entity received the validation notice in respect of the property from the land holding agency.

[As the Lessee's improvements will not transfer, the market value of the property is to be the market value of its land (i.e. not including any Lessee's improvements).]

The [land holding agency][governance entity][delete one] will require another registered valuer to assess the market value of the property [,and its market rental,] as at the valuation date.

The two valuations are to enable the market value of the property, [and its market rental,] to be determined either:

- (a) by agreement between the parties; or
- (b) by arbitration.

PROPERTY REDRESS
6: DEFERRED PURCHASE

The market value of the property so determined will be the basis of establishing the "transfer value" at which the governance entity may elect to purchase the property under part 6, plus GST (if any).

[MARKET VALUE OF A SCHOOL SITE

For the purposes of these instructions the intention of the parties in respect of a school site is to determine a transfer value to reflect the designation and use of the land for education purposes.

The market value of a school site is to be calculated as the market value of the property, exclusive of improvements, based on highest and best use calculated on the zoning of the property in force at the valuation date, less 20%.

A two step process is required:

- 1) firstly, the assessment of the unencumbered market value (based on highest and best use) by:
 - (a) disregarding the designation and the Crown leaseback; and
 - (b) considering the zoning in force at the valuation date; and
 - (c) excluding any improvements on the land; and
- 2) secondly, the application of a 20% discount to the unencumbered market value to determine the market value as a school site (transfer value).

[If, in the relevant district or unitary plan, the zoning for the school site is Specialised (as defined below), the zoning for the school site for the purposes of step 1(b) of the two-step process above will be deemed to be the Alternative Zoning (as defined below).

For the purposes of these instructions:

- "Specialised" means specialised for a school site or otherwise specialised to a public or community use or public work (including education purposes).
- "Alternative Zoning" means the most appropriate probable zoning which provides for the highest and best use of the school site as if the school (or any other public or community use or public work, including education purposes) was hypothetically not present. The Alternative Zoning will be determined with reference to (in no particular order):
 - (a) the underlying zoning for the school site (if any);
 - (b) the zoning for the school site immediately prior to its Specialised zoning;
 - (c) the zoning of land adjacent to or in the immediate vicinity of the school site (or both) if there is a uniform neighbouring zone;

mm

KG

PROPERTY REDRESS
6: DEFERRED PURCHASE

- (d) if the school site is within the area governed by Auckland Council, the underlying zoning applied to the school site in the Auckland Unitary Plan, namely *[insert the zoning from the Auckland Unitary Plan that applies on the valuation date]*; and
- (e) any other relevant consideration in the reasonable opinion of a registered valuer that would support the most probable zoning which provides for the highest and best use of the school site.]

The transfer value is used to determine the initial annual rent based on an agreed rental percentage of the agreed transfer value, determined in accordance with the Crown leaseback (plus GST, if any, on the amount so determined).]

[ASSESSMENT OF MARKET RENTAL REQUIRED

You are also required to assess the market rental (exclusive of GST) for the property, as at the valuation date, being the rental payable from the commencement of the agreed lease.

The market rental for the property is to be the market rental payable under the agreed lease, being a ground lease. So it will be the rent payable for its land (i.e. excluding any Lessee's improvements).]

VALUATION OF PROPERTY

You must, in relation to a property:

- (a) before inspecting the property, determine with the other valuer:
 - (i) the valuation method or methods applicable to the property; and
 - (ii) the comparable sales [, and comparable market rentals if the property is not a school site,] to be used in determining the market value of the property [and its market rental if the property is not a school site]; and
- (b) inspect the property, where practical, together with the valuer appointed by the other party; and
- (c) attempt to resolve any matters or issues arising from your inspections and input assumptions; and
- (d) by not later than [30] business days after the valuation date, prepare, and deliver to us, a draft valuation report; and
- (e) by not later than [45] business days after the valuation date:
 - (i) review your draft valuation report, after taking into account any comments made by us or a peer review of the report obtained by us; and
 - (ii) deliver a copy of your final valuation report to us; and

PROPERTY REDRESS
6: DEFERRED PURCHASE

- (f) by not later than [55] business days after the valuation date, prepare and deliver to us a written analysis of both valuation reports to assist in the determination of the market value of the property [and its market rental if the property is not a school site]; and
- (g) by not later than [65] business days after the valuation date, meet with the other valuer and discuss your respective valuation reports and written analysis reports with a view to reaching consensus on the market value [and its market rental if the property is not a school site]; and
- (h) if a consensus on market value [and its market rental if the property is not a school site] is reached, record it in writing signed by you and the other valuer and deliver it to both parties; and
- (i) participate in any meetings, including any peer review process, as required by us and the other party to agree the market value of the property [and its market rental if the property is not a school site]; and
- (j) if a review valuer has been appointed by parties, you must within 5 business days of receipt of the review valuer's report, review your market valuation report, taking into account the findings of the review valuer, and provide us with a written report of your assessment of the market value of the property; and
- (k) participate in any arbitration process required under subpart C to determine the market value of the property [and its market rental if the property is not a school site].

- 7.3 On receipt of each selection notice, the land holding agency must promptly give notice to the governance entity that either –
