APPENDIX 1 – SEPARATE VALUATION

[Valuer's name]

[Address]

Valuation instructions

INTRODUCTION

[Name] (the governance entity) has the right under a deed of settlement to purchase a property from [name] (the land holding agency).

This right is given by –

- (a) clause 7.2 of the deed of settlement; and
- (b) part 4 of the property redress schedule.

PROPERTY TO BE VALUED

The governance entity has given the land holding agency a notice of interest in purchasing the property, being –

[describe the property including its legal description]

PROPERTY TO BE LEASED BACK

If the governance entity purchases the property from the Crown, the governance entity will lease the property back to the Crown on the terms provided by the lease in part 11 of the documents schedule to the deed of settlement (the agreed lease).

As the agreed lease is a ground lease, the ownership of the improvements on the property (the Lessee's improvements), remains unaffected by the transfer.

DEED OF SETTLEMENT

A copy of the deed of settlement is enclosed.

Your attention is drawn to –

- (a) part 4; and
- (b) the agreed lease of the property in part 11 of the documents schedule to the deed.

All references in this letter to subparts or paragraphs are to subparts or paragraphs of part 4.

A term defined in the deed of settlement has the same meaning when used in these instructions.

PROPERTY REDRESS
4: DEFERRED PURCHASE

Subpart B of part 4 applies to the valuation of the deferred selection property.

ASSESSMENT OF MARKET VALUE REQUIRED

You are required to undertake a valuation to assess the market value of the property that is a school site in accordance with the methodology below as at [date] (the valuation date), being the date the land holding agency received the notice of interest in the property from the governance entity.

As the Lessee's improvements will not transfer, the market value of the property is to be the market value of its land (i.e. not including any Lessee's improvements).

The [land holding agency][governance entity][delete one] will require another registered valuer to assess the market value of the property as at the valuation date.

The two valuations are to enable the market value of the property to be determined either –

- (a) by agreement between the parties; or
- (b) by arbitration.

The market value of the property so determined will be the basis of establishing the "transfer value" at which the governance entity may elect to purchase the property under part 4, plus GST (if any).

MARKET VALUE

For the purposes of these instructions the intention of the parties is to determine the transfer value of the property to reflect the designation and use of the land for education purposes.

The market value of the property is to be calculated as the market value of the property, exclusive of improvements, based on highest and best use calculated on the zoning of the property in force at the valuation date, less 20%.

You will need to complete two assessments:

- 1) determine the market value of the property, excluding Allotment 3A Matata Parish, Proclamation 4778 on the basis it has a nil value, for the purposes of determining a transfer value at which the governance entity may elect to purchase the property under part 4, plus GST (if any):
- 2) determine the market value of the property, including Allotment 3A Matata Parish, Proclamation 4778, for the purposes of determining a transfer value to calculate the initial annual rent based on an agreed rental percentage of the transfer value, determined in accordance with the Crown leaseback (plus GST (if any), on the amount so determined).

PROPERTY REDRESS
4: DEFERRED PURCHASE

In each case, a two step process is required –

- 1) firstly, the assessment of the unencumbered market value (based on highest and best use) by –
 - (a) disregarding the designation and the Crown leaseback; and
 - (b) considering the zoning in force at the valuation date; and
 - (c) excluding any improvements on the land; and
- 2) secondly, the application of a 20% discount to the unencumbered market value to determine the market value as a school site (transfer value).

The transfer value is used to determine the initial annual rent based on an agreed rental percentage of the agreed transfer value, determined in accordance with the Crown leaseback (plus GST (if any), on the amount so determined).

VALUATION OF PROPERTY

You must –

- (a) before inspecting the property, determine with the other valuer –
 - (i) the valuation method or methods applicable to the property; and
 - (ii) the comparable sales to be used in determining the market value of the property; and
- (b) inspect the property, where practical, together with the valuer appointed by the other party; and
- (c) attempt to resolve any matters or issues arising from your inspections and input assumptions; and
- (d) by not later than [30] business days after the valuation date, prepare, and deliver to us, a draft valuation report; and
- (e) by not later than [45] business days after the valuation date:
 - (i) review your draft valuation report, after taking into account any comments made by us or a peer review of the report obtained by us; and
 - (ii) deliver a copy of your final valuation report to us; and
- (f) by not later than [55] business days after the valuation date, prepare and deliver to us a written analysis of both valuation reports to assist in the determination of the market value of the property; and

PROPERTY REDRESS

4: DEFERRED PURCHASE

- (g) by not later than [65] business days after the valuation date, meet with the other valuer and discuss your respective valuation reports and written analysis reports with a view to reaching consensus on the market value; and
- (h) if a consensus on market value is reached, record it in writing signed by you and the other valuer and deliver it to both parties; and
- (i) participate in any meetings, including any peer review process, as required by us and the other party to agree the market value of the property; and
- (j) if a review valuer has been appointed by parties, you must within 5 business days of receipt of the review valuer's report, review your market valuation report, taking into account the findings of the review valuer, and provide us with a written report of your assessment of the market value of the property; and
- (k) participate in any arbitration process required under subpart B to determine the market value of the property.

- (a) an executive summary, containing a summary of –
 - (i) the valuation; and

 - (iv) the key variables affecting value; and
- (b) a detailed description, and a clear statement, of the land value; and
- (c) a clear statement as to any impact of –
 - (i) the disclosed encumbrances; and

The parties intend this valuation to be undertaken in an open and transparent manner, and for all dealings and discussions to be undertaken in good faith.

In particular, you must –
